

2/5/03

Dear Anchorage Legislative Office,

We want no part of being assimilated into the Administrative collective as a Prince William Sound Borough. I am a 63 year old resident of Prince William Sound. I was raised here in Alaska long before the territory became a state. Mark my vote down as an emphatic "NO" when it comes to deciding the fate of including Prince William Sound into a borough. We should have a say so when it comes to regulations that will dramatically affect our home. We live out here to be away from all that. That is all I have to say!

Have a Nice Day,

*Marni Noffke*
